1. Introduction

This document sets out the updated requirements and guidelines for LIFT grantees and implementing partners (IPs) for use of the LIFT logo, for presenting LIFT’s visual identity and for acknowledging LIFT funding.

These visibility guidelines also cover the IPs’ responsibilities for sharing the project’s communication plans, photos, audiovisual material, stories, media coverage, project information and LIFT-funded reports, studies and other publications with the Fund Management Office (FMO).

The visibility guidelines are updated as required and are available on the LIFT website. It is the responsibility of the IPs to consult the website or the LIFT Communications Team to ensure the most up-to-date version is being used.

Grantees and IPs are required to publicly credit LIFT-funded activity to the fund and its donors. IPs are responsible for sharing LIFT’s visibility guidelines with sub-grantees/sub-contractors to ensure also they acknowledge funding for their work is from LIFT.

This requirement is compulsory, and is a condition of accepting funding from LIFT.
OVERVIEW

Please note that the LIFT Fund Management Office is authorised under the IPs’ Memorandum of Agreement (MoA) to communicate or publish the name of the IP, the maximum amount of the individual grant and a description of the activities funded.

- **Logo:** IPs and grantees are required to provide LIFT visibility and acknowledge LIFT funding through the prominent display of the LIFT logo on written materials, presentations, visibility items, at events, on social media, websites, at interviews, in media and other public communication, on videos, audio files or podcasts, and in programme assets.

- **Attributing funding:** The LIFT branding requirements are not limited to the use of the LIFT logo but the logo needs to be accompanied by the words “funded by” or “supported by” to clearly mark the role of LIFT in the project and its activities. Acknowledgement and disclaimers about the funding are required to be included in the text of the documents developed by the project or programme. Templates of acknowledgement and disclaimers are referred to in section 4 of these guidelines. If the communication is in an interview, speech, media event, media release or public statement, IPs may use relevant and appropriate variations of acknowledgement and disclaimers based on prior agreement with LIFT’s Communications Team.

- **Events:** Events funded or partially-funded by LIFT have to be acknowledge LIFT funding through the use of the logo and the words “funded by” on the event backdrop and all materials related to the event.

- **Publications, research and studies:** Publications funded or partially funded by LIFT require the LIFT donor consortium (DC) logo with the words “funded by” on the front cover of the document, with an acknowledgement and disclaimer on the inside cover.

- **Websites and social media:** LIFT funding is to be clearly credited also on digital platforms such as websites and social media, through the use of the LIFT DC logo and the wording “funded by” or “supported by”.

- **Media:** LIFT funding should be stated clearly in all public and media statements and media coverage. Journalists are to be made aware of LIFT funding.
